The Austin

The above hotel, the newest of Daytona's tourist houses is just receiving the finishing touches and will be opened about December 15. The house is located on North Beach street at the corner of Third avenue, and is a large and imposing structure. It has thirty sleeping rooms, large parlors, dining rooms and a commodious office. The house is tastfully arranged and furnished exquisitely. Mr. Austin has spent a large sum in arranging this beautiful house and is justly proud of it.

In Squire Cox's Court

Henry Smith, colored, was up before Squire Cox Wednesday for non-support of his family. It is not the first time that Henry has been up for the same offense and the Squire bound him over to the Criminal Court. Not being able to secure bonds Henry went to De Land for a few days visit with Sheriff Turner.

A serious cutting affray took place at the school house Thursday afternoon after school hours. Several boys were playing ball, among them Guy Hurd, aged 16 and Eugene Johnson aged 18. These two got into an altercation and during its progress Hurd drew a knife and cut Johnson in the arm, severing an artery. Hurd was arrested and taken before Squire Cox yesterday. After hearing the testimony young Hurd was bound over to court in \$500 bonds, which was furnished and the young man released.

Real Estate.

Season houses for rent from \$200 to \$600 for six months. Boarding houses for the season—eleven to fourteen rooms.

R. L. SMITH, Agent.

A Delinquent's Rough Experience.

The editor of a Western paper recites the woes that befell one of its non-paying subscribers, who stopped his paper without liquidating his back dues, as follows:

"His horse went dead and his mule went lame, and he lost six cows in a poker game; then a hurricane came long on a summer's day and blew the house where he lived away; and an earthquake came when that was gone and swallowed the land that the house was on; then the tax collector came around and charged him up with the hole in the ground."

THE LADIES favor painting their churches, and therefore we urge every minister to remember we give a liberal quantity of the Longman & Martinez Paint toward the painting.

Wears and covers like gold. Don't pay \$1.50 a gallon for Linseed Oil (worth 60 cents) which you do when you buy other paints in a can with a paint label on it.

8 and 6 make 14; therefore when you want fourteen gallons of paint, buy only eight of L. & M. and mix six gallons of pure Linseed Oil with it, and thus get paint at less than \$1.20 per gallon.

Many houses are well painted with four gallons of L. & M. and three gallons of Linseed Oil mixed therewith. These celebrated paints are sold by R. S. Maley. June and July.

Obituary

Died at Daytona, Tuesday morning, Nov. 8th 1904, Mrs. Prudence S. Golder, aged 89 years.

The deceased was one of the best known and most universally respected residents of Daytona. She was born in New York state in 1816 and was married to Joseph Golder in 1837.

Mr. and Mrs. Golder came to Florida in 1882 and spent the winter at St. Augustine. The following year they came to Daytona and purchased a home. Their winters were spent here until the death of Mr. Golder which occurred in 1885. Mrs. Golder still continued to spend the winters here until the time of her death.

The funeral services were held at the late residence of the deceased at 11:15 p. m. Wednesday and were conducted by Revs. C. M. Bingham, Sr. and B. F. Marsh. The remains were taken to Sterling, Ill., for interment.

*J. C. Pettepher has opened an Auto Livery and is prepared to carry passengers long or short distances. There will be cut prices for summer months.

A MATTER OF HEALTH

*High grade Stationary at Clark's.

The Bennett House Open

The Bennett House, one of Daytona's handsomest and most most home-like hostilities has opened its doors to the public and its card can be found in another column. Since the house was closed last Spring a large addition has been built and the house entirely remodeled and refitted. The new addition is on the south of the old part and in this part has been arranged the parlor, a spacious room 15x40 facing beautiful Ridgewood. A sun parlor 14x18 is also found in this part, which will be used the coming season for a smoking room. The guests rooms in the new part are models of comfort and neatness, they are all of generous size, well heated, well lighted and arranged solely for the comfort and convenience of their occupants, many of them having private baths, and all having hot and cold water, electric lights and other conveniences. The office of the house has been greatly enlarged, and the spacious dining room has a seating capacity for 75 guests. Mr. Albert Bennett, the proprietor has arranged his house in such a way that it cannot help but be popular with tourists, and under his able management The Bennett will take front rank among Daytona's hotels.

Special Sleeper from Michigan.

There was a heavy travel over the Georgia Southern & Florida Railway's Dixie Flyer Line yesterday into Jacksonville. In fact, all lines running into Jacksonville are now bringing a great number of settlers and early tourists.

Yesterday morning the Dixie Flyer brought a special sleeper, with all berths taken, to Jacksonville. This special sleeper was a necessity, as the regular line sleeper from Chicago was filled. Every berth in this special sleeper was occupied by passengers from Grand Rapids, Mich., who were en route to Daytona.

Many of these passengers had already purchased places in and near Daytona last season, and the balance of them will buy property upon their arrival at the east coast city. This is only one case in many where people are arriving in Florida in large numbers. J. H. Rafferty, division passenger agent of the Georgia, Southern & Florida Railway, daily receives requests for information in regard to lands and cottages for sale and rent.—Times Union, Monday, Nov. 7.

(First pub. Nov. 5, last Nov. 25.) Notice to Physicians and Surgeons. Office of State Medical Examiners, Seventh Judicial District, Orlando, Fla., Nov. 1, 1904.

In accordance with an act entitled "An Act to Regulate the Practice of Medicine, etc. approved May 11, 1904, you are hereby notified that the Board of Medical Examiners in and for the Seventh Judicial District of the State of Florida, will meet at my office in Orlando, Orange county, Florida, on Tuesday, December 13, 1904, it being the second Tuesday in the month.

R. L. HARRIS, Secretary.

DEVOTION

to your interest is the dominating principle here. What would it profit to gain a little more cash and lose your good will? so we constantly strive to offer you better

Wilson's Improved Air Tight Heater

Combustion happens on a surface and other stoves require to heat your room. It will hold fire thirty-six hours, and with one wood never go out.

Will burn chips, shavings, bark, waste, sawdust, cordwood, and give more heat in less time and it longer than any stove ever made. By the patent method of taking the air from the room we secure a perfect Air Tight Heater, giving us control of the fire. Our draft being obtained from outside currents, which are full of impurities, the heater the best of ventilation. The air is gradually heated as it passes through the heater, therefore enters the fire at the right temperature, requiring the proper amount of oxygen to produce and sustain a perfect combustion, and not being drawn our damper, we have complete control of the fire. Hot air draft coming from above heater and venting fuel all the gases in the stove which in other stoves is waste. This explains why the Wilson Heater consumes much less fuel than other stoves and is therefore more economical.

The mechanical construction of our heater has been improved until it is near perfect as we know how to make it. Our cast iron pipe collar bulled under the top to cast iron ring underneath, makes a perfect and indestructible joint which will not rust out or become rusty from condensed moisture. We have strengthened our stove at the cast elbow by placing a cast iron plate across the elbow, on the inside of the heater. This part of the heater will last as long as the other portion of the stove. The steel inside lining extending from bottom to top gives full protection to the outside body. All our Wilson's Heaters will have cast iron swing lid.
